To Lumber Merchants

—AND—

CONSIGNEES OF SHIPS!

THE UNDERSIGNED AGENTS IN Victoria, and in part Owners of the new Mill situated at Free Port, opposite Seattle, Washington Territory, respectfully invite the attention of parties shipping Cargoes of Lumber abroad to their facilities for furnishing cargoes and loading ships with despatch. Ship Masters and others acquainted with Puget Sound will know that Free Port is an admirable, safe, and commodious harbor, and easier of access than any other port on the Sound. There is also plenty of water to allow ships of the largest class to load afloat at the Mill Company's Wharves.

The Mill Co. are now prepared to manufacture to order all kinds of

ROUGH LUMBER,

T. & G. FLOORING,

Boards & Planks

Surfaced on one or both Sides,

SHIP & DECK PLANK,

TIMBER

From 6 inches to 20 inches,

Square Planed out of Wind

ON ALL SIDES.

Having adopted the best known modern Machinery, the Mill is capable of making Lumber of all dimensions with great accuracy, and the Company are determined to supply the best qualities of both Rough and Dressed Lumber which will be trimmed to any and all lengths required from 12 to 80 feet

The Mill Co will also furnish

Cargoes of Piles & Spars

AT THE SHORTEST NOTICE.

Orders for Cargoes, which will be sold at the lowest market rates, are solicited by

J. G. JACKSON & CO.,

Agents for the

Free Port Mill Company.

THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels In all diseases it is of primary importance to set the stomach right. These pills are purifiers, alteratives and strengtheners of the stomach. They may be taken under any circumstances Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities will fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters, but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Old Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in disloging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Stone and Gravel
Asthma	Dysentery	Jaundice	Secondary Symptoms
Bilious Complaints	Erysipelas	Liver Complaints	The Pendulous Tumours
Blotches on the Skin	Female Irregularities	Lumbago	Tic-Douloureux
Bowel Complaints	Fevers of all kinds	Piles	Ulcers
Colics	Fits	Rheumatism	Venereal Affections
Constipation of Bowels	Gout	Retention of Urine	Weakness, from whatever cause
Consumption	Headache	Scrofula, or King's Evil	&c. &c.
Debility	Worms of all kinds	Sore Throat	

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d, 4s 6d, 11s. 22s. and 33s each pot.

☞ There is a considerable saving by taking the larger sizes.

A CARD.

Victoria, V. I., 6th June, 1864.

I BEG TO ANNOUNCE TO THE INhabitants of Victoria, V. I., and the colony, that I have this day disposed of my business carried on by me since June, 1858, as a Butcher, Cattle Dealer and Contractor, under the firm of Harris & Co., to Mr. Isaac Carson, whom I can safely and with pleasure recommend to my customers as my successor, and feel confident that he will continue the business to their entire satisfaction.

THOS. HARRIS,

MR. ISAAC CARSON HAVING PURchased the business of Mr. Harris, most respectfully solicits the favor of the orders and support of his late customers, and begs to assure them that he will do all in his power to merit a continuance of their confidence.

je7 ISAAC CARSON.

NOTICE

IS HEREBY GIVEN THAT ALL PERsons having claim on Mr. Thomas Harris, of Victoria, V. I., carrying on business as Harris & Co., are requested to send in particulars thereof to his office on Broad street (corner of Fort street), that the same may be adjusted; and all persons indebted to the said Thomas Harris are requested forthwith to pay the amount of their respective debts at the office aforesaid.

ROYAL MAIL

Steam Packet

Company's Agency,

For British Columbia & Vancouver Island.

OFFICE, MACDONALD & CO., BANKERS,

Yates Street.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the Pacific Mail Steamship Company's Vessels and the Panama Railroad.

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO., Specie and Bullion can be conveyed to London and Havre in France

Further information on the subject of Freigh and Passage Money will be furnished by the under signed.

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS & GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. R. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July-6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color: hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

HOSTETTER, SMITH & DEAN,

401 and 403 Battery street, corner of Clay, San Francisco.

Sold by CURTIS & MOORE in Victoria. ma19

THE BRITISH COLONIST

Wednesday Morning, June 15, 1864.

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted), is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week, by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier.

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

LINCOLN AND FREMONT.

The intelligence received yesterday, although giving us four days later news than our previous advices, is not of an exceedingly exciting character. Several engagements had taken place between the contending forces before Richmond, ending in an advance being made by Grant's left down to Bottom's Bridge over the Chickahominy, a few miles south of the railway connecting Richmond with York river. The right wing of the Northern army occupied Atley's Station on the Virginia Central railroad, ten miles north of Richmond. The Army of the Potomac, therefore, forms two sides of an isoceles triangle between the Virginia Central railroad that runs due north and the York river railway which runs due east. As the Pacific's news this morning will probably give us six or seven days later intelligence from the seat of war, it would be useless to indulge in speculation as to results.

The most important point in the news is the phase which the Presidential contest is assuming. The nomination of Gen. Fremont by the Cleveland Convention, and the renomination of President Lincoln by the National Convention at Baltimore, will tend to create a division in the abolition ranks almost similar to that disruption which weakened the Democratic party before the advent of Secession. The more ultra and irrational portion of the abolitionists will, of course, support Fremont, while Lincoln will be the candidate of every Republican who is not carried away with Utopian schemes of American politics. That Lincoln will be returned, is pretty certain. He has passed through an ordeal that we believe no other public man in the Northern States could have done, equally scatheless. He has been placed in the centre of difficulties never before experienced by the ruler of a nation. He has had the greatest and most expensive war on his hands that has occurred perhaps in the whole page of history. While having an indomitable foe before him in the field, he has been equalled harrassed by enemies at home. Amidst all these difficulties—indifference on the one side and openly expressed treason on the other—when a large pro-slavery party formed a powerful antagonistic element in the State; when the military foe was triumphant, and the spirit of the nation at large seemed gloomily depressed—Abraham Lincoln proclaimed the abolition of slavery. Well might he talk in a late message of the "dark days" of that period. A crisis had arrived, when it seemed that the weight of a feather would have turned the scale one way or other—submission or a continuation of the war. The boldness of the President was the force that kicked the beam, and from that moment the pro-slavery party dwindled gradually into an element that ceased to awe or cajole—or even exercise a perceptible influence. However much Englishmen may be divided on the questions that arise out of the lamentable struggle that is at present taking place in the neighboring republic, no member of a slave repudiating nation can help giving Lincoln his good wishes for the noble stand he has taken, late though it was in the day, on the question of slavery. There are acts of the present President of America on record, which will not bear analysis any more than the acts of other great Potentates; but the blemishes, when taking the extraordinary circumstances under which he labored into account, are small and comparatively insignificant. He went into the Presidential chair, as a common-place lawyer, and an ex-railsplitter, with no higher attribute of statesmanship, than was comprised in the expression "honest old Abe;" jeered at and scoffed by the Conservative organs in England as an ungainly, uneducated, vulgar man in the wrong place, he has stood his trial,' and amid the wide spread corruption of contractors and Government officials, comes out of the test still "honest old Abe"—still republican in his simplicity of manner—and what is more surprising, a man of vigor and great intellectual capacity.

Fremont, the opponent of Lincoln, is a man of very different stamp. Accustomed to the wild and independent life of a "Pathfinder," he is as aristocratic as if he had spent the best portion of his life in a European Court. Wealthy almost beyond computation—it is said his Mariposa property is worth twenty million of dollars—he is just the man to dispense republican hospitalities and courtesies at the White House, with a monarch's condescension. Beaten in the race for the Presidency with Buchanan, he naturally fancies that, as he was the anti-slavery favorite then, he should be the same now. His military services in the war have brought him into collision with the President. He allowed his abolition enthusiasm, which was no doubt sincere, to interfere gravely with the discharge of his military duties, at a time when abolitionism was still an unsafe doctrine in the army. In this respect, it may be said he was a little ahead of events, and deserved credit rather than otherwise. But it is frequently as injurious to be much in advance of the age as it is to be behind it. As a military man, he has proved himself too indifferent to the conduct of those subordinate to him—rather a drawback in the characteristic of a President; and has been for some time excluded from active service. As we have said, he will, no doubt, have the support of the extreme abolitionists; but he will also obtain the great bulk of the German votes, making him an opponent altogether not to be despised; an opponent, however, we think, at the same time, whose chances are but slight against President Lincoln.

To Lumber Merchants
—AND—
CONSIGNEES OF SHIPS!

THE UNDERSIGNED AGENTS IN Victoria, and in part Owners of the new Mill situated at Free Port, opposite Seattle, Washington Territory, respectfully invite the attention of parties shipping Cargoes of Lumber abroad to their facilities for furnishing cargoes and loading ships with despatch. Ship Masters and others acquainted with Puget Sound will know that Free Port is an admirable, safe, and commodious harbor, and easier of access than any other port on the Sound. There is also plenty of water to allow ships of the largest class to load afloat at the Mill Company's Wharves.

The Mill Co. are now prepared to manufacture to order all kinds of

ROUGH LUMBER,
T. & G. FLOORING,
Boards & Planks
Surfaced on one or both Sides,
SHIP & DECK PLANK,
TIMBER
From 6 inches to 20 inches,
Square Planed out of Wind
ON ALL SIDES.

Having adopted the best known modern Machinery, the Mill is capable of making Lumber of all dimensions with great accuracy, and the Company are determined to supply the best qualities of both Rough and Dressed Lumber which will be trimmed to any and all lengths required from 12 to 80 feet.

The Mill Co will also furnish

Cargoes of Piles & Spars

AT THE SHORTEST NOTICE.

Orders for Cargoes, which will be sold at the lowest market rates, are solicited by

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS & GLANDULAR SYSTEM
and to have great control over
SCROFULOUS AFFECTIONS

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid

DR. HOSTETTER'S
STOMACH BITTERS.

THE OPERATION OF THIS PALAtable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutrious blood, and nutritious blood a healthy frame Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical debility be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females,

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervious headache, vertigo, general debility and all complaints, disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

The "Joint-Stock News" Charlatanry.—As the fellow who has just committed a theft, shouts to some innocent man "stop thief," in order to throw justice off the scent, so our juvenile contemporaries, in a spirit of charlatanry, not a whit less unscrupulous or despicable, shout "bogus news" on each of the numerous occasions when they come lagging behind the Colonist in late intelligence, and especially since they were caught in the act of attempting to palm off news, copied from us, as the "very, very latest—obtained by them at enormous expense." Our late *expose* of this shallow and indecent practice has made them even more desperate and puerile, if that were possible; and as a set-off against their misdeeds, they charge the Colonist with manufacturing the news published on Wednesday last. If such a ridiculous assertion were true, we certainly possess a spirit of prophecy more than bordering on the miraculous; for, as our readers will see, the news which we published on the day in question, is borne out by that received by the Anderson yesterday. Our despatch embraced the following: A Federal victory eight miles beyond Marietta,' number of prisoners taken 400. The late news says *at* Marietta (mistakes common enough in the telegraph)—other particulars the same. The next paragraph announced the arrival of General Smith with reinforcements from Butler to the Army of the Potomac. The Anderson's news confirms it almost word for word. The next, a battle between Ewell's corps and the Federals' left, under Warren and Burnside, on the first of June, in favor of the Federals—confirmed by the recent news. Next, Butler expecting an immediate attack. According to the news received yesterday he was attacked the following morning. Next, the nomination of the Cleveland Convention—confirmed by the late news. The last paragraph—the report of the confirmation of the battle in Mexico, is not mentioned—for the very good reason that it was not taken from San Francisco papers; but from a source equally reliable. With regard to the assertion of our evening contemporary that we copied the intelligence about the Cleveland Convention from it—leaving out the absurdity of any one copying from such a notorious blunderer, the fact that one of its proprietors had the satisfaction of perusing this telegram on our bulletin board at least six hours before the *Blunderer's* publication, is certainly strongly indicative of a neglect of the ninth commandment. It is surely time that our contemporaries should learn that inferiority is a thing they cannot help, and for which no one is disposed to hold them accountable; but to think that their mental as well as other weaknesses, can be built up by moral obliquity, is to fancy that sand and water will make a very cohesive cement.

Police Court.—Samuel Fisher charged with being drunk and disorderly last Sunday night, and with using threatening and abusive language to the officer who arrested him, was brought up yesterday on remand. Fisher admitted that he had been drunk, and said on questioning the witnesses to the affair, he had found that Serj. Wilmer had only acted in accordance with duty: he therefore withdrew the charge he had made. The Magistrate said prisoner had made a serious charge, as it appeared, without any cause whatever, against an officer who had earned for himself a very high character in the force, although he had doubtless been misled at first, by statements of friends. He would fine him $25.

Lynch Law Across the Sound.—We learn from passengers by the Anderson, that two men named Gould and Tucker were lynched by the inhabitants in the vicinity of Dungeness the day before yesterday. The men are said to have been old deserters from some of Her Majesty's ships at this port, and have been the terror of the country for a long time, through their daring robberies. The matter, however, requires careful looking into.

The British Columbia Volunteers.—The gunboat Forward arrived from New Westminster, at Esquimalt, last night, at half-past seven o'clock. She brought down the volunteers for the Bentinck expedition. The pack-horses bought here by Mr. Brew for the use of the party were shipped on board the Sutlej last night, and the frigate will sail for the point of debarkation this morning.

☞ The steam yacht Leviathan will sail this morning at 4 o'clock for Nanaimo, under command of Lieut. Talbot of the Sutlej. She will have on board a midshipman and engineer of the Sutlej, Mr. Fowler, of Nanaimo, and three of a crew. At Nanaimo she will take on board the two Indians Squinteye and George and convey them to the Sutlej, to be taken up to Bentinck Arm whither the Leviathan will also proceed.

The Bentinck Expedition.—The pack-horses for the use of the British Columbian volunteer expedition to Bentinck Arm, 17 in number, were sent down to Esquimalt yesterday afternoon, to be shipped on board H. M. S. Sutlej.

Escape and Capture.—Two sailors escaped from the chaingang yesterday afternoon while working on Foul Bay Road, near the Governor's residence. They were captured a few hours after by Serjeant Hill in the vicinity of McNeil's farm.

SUPREME COURT.

(BEFORE HIS HONOR THE CHIEF JUSTICE.)

Tuesday, June 14th, 1864.

Chancery suit continued:

Nelson McGee vs. Richard Hall.—Mr. Ring re-opened the case for defendant with an able address in which he set forth that the evidence resolved itself into this, whether there was fraud or not, whether there was any undue influence exercised over Mrs. McGee in order to get her to sign the deed of transfer, and if Hall the defendant had anything to do with the executions taken out against the plaintiff further than staying the proceedings. He held that the affidavit of Dr. Trimble did not show any mental incapacity for transacting business on the part of Mrs. McGee; that if the bad state of bodily health was to be considered sufficient to nullify her acts, that arguing on those grounds the validity of any will made on a death bed might be questioned. The learned counsel then touched in a pathetic way on the slur that was cast on the character of the defendant by the imputations of fraud, forgery, perjury, &c., made by the Attorney General. Yielding to the power of the counsel's elocution the defendant subsided into a lachrymal overflow. The counsel proceeded by requesting that His Lordship would take no notice of any of the accusations made against the defendant, that such charges might not appear in the notes of the court. He dwelt at some length on the various allegations of the counsel for the opposite side and expressed his regret that the case had not been settled by the arbitration of some disinterested parties instead of occupying the valuable time of the court in going through the voluminous affidavits before them. He then wound up by saying that he would leave his worthy friend Mr. McCreight to deal with other parts of the case which he had not brought forward. Mr. McCreight read over the several affidavits and was handling, with some dexterity, the most salient points of the case, when the hour of closing the business of the Court was at hand and His Lordship adjourned further hearing for to-morrow at 10:50 a.m.

IMPORTANT DECISION.

The following decision of the Chief-Justice in the case of the Bentinck Arm Company v. Hood is of importance to the public as having a bearing on Companies in general:

Thursday, June 9th, 1864.

In Chancery—*In re the Joint Stock Company's Act and the Bentinck Arm and Fraser River Road Company, Limited.*

In this matter a petition has been presented by William Hood to his Counsel, Mr. Wood, to have the Company wound up by the order of the Court. The petition states that the Petitioner, and Edward Green, and George Hunter Cary, on or about the 20th day of June, 1862, agreed to form a Joint-Stock Company, with limited liability, for the purpose of forming a road between Bentinck Arm and Fraser River, in British Columbia, and that it was further agreed that the formation of the company should be undertaken by the said Edward Green and George Hunter Cary, and not by the petitioner. It also states that a memorandum of association and circular of association were registered with the Registrar of Joint-Stock Companies, and were signed by the Petitioner and the said Edward Green, and also by Albert Hensley, Montagu William Tyrwhitt Drake, Edward Graham Alston, Thomas Lett Stablchsmidt and Robert Burnaby. That the five last mentioned gentlemen had no interest in the company, and were only the nominees and trustees of the said Edward Green and George Hunter Cary, or one of them, and acting solely in their interest under indemnities. And that on the same day on which the company was registered, the 25th day of June, 1862, a meeting of the shareholders was held at the office of the said Montagu William Tyrwhitt Drake. It then alleges that no subsequent meeting to Petitioner's knowledge had been held up to the date of the petition (the 30th day of March last), that no officer of the company had been registered in Victoria or elsewhere, nor a seal of the company proposed or used, nor any register of shareholders ever made, nor any business transacted or done by the said company since the said 25th day of June, A. D., 1862. That the nominal capital of the company was £6,000, divided into 1,200 shares, of which number Petitioner is the holder of 1,134 out of the 1,200. He then alleges that the shareholders are reduced to less than seven in number, and that the company has suspended its business for the space of a whole year, within the naming of the act, and that he is desirous that the company should be wound up, and concludes with the usual prayer:

In support of the petition, the affidavits of the petitioners, William Sanders Sebright Green, Nathaniel Jacob and Charles Prevost have been filed. The petition has been opposed by Mr. Attorney-General Cary in his own behalf, and by Mr. McCreight for Mr. Edward Green, and the affidavits of Messrs. Cary, Green and Bishop have been filed in support of the case. The evidence of both parties is thus before the court. After hearing the argument on this evidence, it is clear the court has very little discretion in the matter. The only point raised by the opposers on which the court had any doubt was whether or not the petitioner is a contributory as defined by the Act of 1856, and entitled to present such a petition. On referring to the act this was soon dissipated. Section 65 gives a definition of a contributory to be any existing or former shareholder upon whom cases are authorised to be made. Section 61 enacts that the existing shareholders shall be liable to contribute to the assets of the company to an amount sufficient to pay the debts, and the costs, charges and expenses of winding up the same. Is the petitioner such a shareholder? Section 19 defines shareholders to be every person who has accepted any share in a company registered under the act, and whose name is entered in the register of shareholders, and no other person except a subscriber to the memorandum of association, in respect of the shares subscribed for by him. The petitioner avers that he subscribed to the memorandum of association, and he is described as a shareholder in the second paragraph of the joint affidavit of George Hunter Cary and Edward Green. Such being the case, he is already a contributory in the meaning of the act, and entitled to ask for a winding-up order, if he think the circumstances of the Company are such as to render it necessary. Section 67 defines the circumstances under which an order to wind up may be obtained, viz.: "Whenever the Company in general meeting has passed a special resolution requiring the Company to be wound up by the Court, 2nd.—Whenever the Company does not commence its business within a year from its incorporation, or suspends its business for the space of a whole year. 3rd. Whenever the shareholders are reduced in number to less than seven. 4th. Whenever the Company is unable to pay its debts. 5th. Whenever three-fourths of the capital of the Company have been lost, or become unavailable." In this case there are no debts, and no lost capital alleged; the petitioner puts his case under the second and third circumstances, viz.: that the Company has suspended its business for more than a year, and that the shareholders are less than seven. This latter circumstance is denied by the opposers, but the other is not. It is in fact admitted by the 7th and 8th paragraphs of the joint affidavit. In paragraph nine they say they have no intention of abandoning the business of the Company, which may be quite true, but the Court has to decide on what has past, not on what is to come. The petitioner, in addition to these circumstances avers the neglect of several of the regulations prescribed by the Act for the management of Companies, which are punishable by pecuniary penalties, and not denied; against this the petitioner has a clear right to protect himself. It appears also that no general meeting of the Company, as required by section 32, has ever been held. This is compulsory by the statutes. The Court therefore must hold that the Company, by its neglect has brought itself under one of the circumstances specified in the 62nd section, which leaves it no discretion but to make the order for winding up, in terms of the statutes.

The Paris Game Market.—In the great French capital one establishment, on one day, sold game as follows: 1,800 deer, 50 wild boars, 5,000 pheasants, 35,000 partridges, 18,000 quails, 100,000 larks and other small birds, 10,000 woodcocks and snipes, 700 blackcocks, 4,000 hares and rabbits—also, 174,550 head of game; with, in addition, 145,000 chickens, capons, turkeys, and 36,000 ducks.

ARRIVAL OF THE ANDERSON.

FOUR DAYS' LATER NEWS.

Lincoln Nominated at Baltimore.

Battles before Richmond.

The Eliza Anderson arrived yesterday morning, bringing the following dispatches:

The steamer Pacific left San Francisco on the 7th inst., at 10 o'clock, a. m., for Portland and Victoria.

Baltimore Convention has nominated Abraham Lincoln for President, and Andrew Johnson, of Tennessee, for Vice-President.

The Oregonian says that the Union majority in that State will reach 3000—the largest ever given in Oregon.

New York, June 4—The *Tribune's* special dated head-quarters Army of the Potomac, June 2nd, says that the successful operation of the 5th corps on the 30th, followed by the advence of the 2nd corps on the 31st, compelled the enemy to withdraw from his line on the Tolopatamoy.

Our cavalry entered Mechanicsville last evening, after scouting about the old battle-fields of the Chickahominy. Having offered them battle on the Tolopatamoy our right wing rests on the Virginia Central Railroad. Having compelled the enemy to withdraw across the Chickahominy, Grant has, with his usual celerity, thrown his left wing to the east of Richmond, and is now threatening the crossing of the Chickahominy at Bottom Bridge. This is now a point of interest. Baldy Smith arrived from the White House just in time to get into and co-operate with our left flank last night.

New York, June 5.—The *Tribune's* special from the front says that Sheridan's cavalry on the day previous drove the rebels down the Mechanicsville road to within 5 miles of Richmond. Our entire line advanced considerably. The impression prevails that Lee is withdrawing his forces to within the inner defences of Richmond. His losses in the past two days have been severe. Contrabands report the citizens of Richmond in great fright. Our Sixth Corps and Smith's forces made a heavy charge on Wednesday, carrying the first line of the enemy's works, taking from 600 to 800 prisoners. An hour later the rebels made a tremendous assault and were frightfully slaughtered. Hancock also repulsed a similar attack, the enemy suffering severe loss. The fighting to the last was desperate. Enemy's loss from 2000 to 3000; ours 400 to 500.

Washington, June 5.—A despatch from General Grant, dated 8:30 this evening, states that about Friday evening, the enemy suddenly attacked Smith's right, of Gibson's division. The battle lasted for half an hour, when the enemy were repulsed. Smith's loss was inconsiderable.

At six o'clock p.m., Wilson with his cavalry fell upon the rear of Heep's division, which Lee had drawn around to his left, apparently with the intention of engaging Burnside. After a short and sharp conflict, Wilson drove the rebels from the rifle pits in confusion. He previously fought and routed Gordon's brigade of rebel cavalry. During these fights we lost several officers, among whom are Col. Poston and Col. Benjamin; General Stannard was seriously injured.

On Friday our loss in killed and wounded and missing in three days' operations around Cold Harbor, will not exceed, according to the Adjutant-General's report, 2,500.

On Saturday morning, the enemy's left wing in front was found by Burnside to have been withdrawn during the night.

A despatch from Sherman, dated the 4th, 13 miles from Marietta, reports his left wing now well around, and covering all the roads from the South to the railroad about Ackworth. His cavalry have been in Ackworth, and occupy in force all of Allatoona Pass.

(Signed) Stanton.

Chicago, June 5.—A special despatch from Washington says a steamer from the White House on the 3rd, brings the report that our army holds the railroad of Savage Station, also a portion of our force has crossed the Chickahominy before that place.

Baltimore, June 4.—This afternoon's *American* says, a gentleman who left the front on Friday morning at nine o'clock, represents the attack referred to in Grant's despatch as having opened with a fierce cannonading along the whole line. Our informant states that the army was in the best possible condition and spirits. They have never in any previous campaign been so well supplied. Abundant provisions are constantly going forward to their relief.

It is universally believed among the troops and residents in the country around Richmond that the place must fall.

There is no confirmation of the report that Fitzhugh Lee and 500 of his cavalry were captured. Report probably untrue.

Fortress Monroe, June 3.—A steamer from Bermuda Hundred reports that the enemy made a slight attack on our breastworks, at nine o'clock last evening, without effect, and retired.

Chicago, June 5—A letter from Hanovertown, dated May 31st, has the following in regard to the position of the two armies: Our right rests on the Pamunkey near Hanover Courthouse, some six miles in length, almost due south to Tolopatomy creek. Our lines run along the Chickahominy in front of and covering the Virginia Central Railroad from Atley's Station to Shady Grove, five miles north of Richmond.

Headquarters Army of the Potomac, June 4, 8 a. m.—The cavalry was engaged all day yesterday in the vicinity of Howe's store. The first attack that was made on Hampton's command was defeated with loss, afterwards attacked Hill's left on the Tolopatomy river and drove one brigade out of their works and held the place an hour, and then withdrew. We now hold Howe's store. Wilson bivouacked last night between Bethsaida Church and Pamunkey, and has a strong position. To-day the army is resting; nothing but artillery duelling occurred.

In the fight yesterday, Breckinridge occupied the right, Beauregard next, Longstreet's corps in the centre, and Ewell on the left. The whole of Hill's corps was held in reserve. Their artillery fire was good at some points. Two of our caissons exploded by their shells, and a number of men and horses were killed and wounded.

Fortress Monroe, June 3—A dispatch from Baldy Smith says that the rebels attacked him with three columns and were driven off after a severe fight. Smith is reported to have taken 600 prisoners. Grant is pushing the enemy at every point.

New York, June 6—The State Committee of the War Democracy of New York, at a meeting held at the Astor House, have reaffirmed a preference for the renomination of Lincoln, and adopted a call to all War Democrats to rally at Baltimore on the 7th; to impress upon the Union Convention the justice, expediency and necessity for the nomination of Daniel S. Dickinson for the Vice-Presidency.

Fremont has resigned his Major-Generalship, and his resignation has been accepted by the President. Also that of Gen. Buell, who it is understood, resumes his original position in the regular army, as Colonial and Assistant-Adjutant-General.

A long letter from Fremont accepting the nomination of the Cleveland Convention thus concludes:

If the Convention at Baltimore will nominate any man whose past life justifies the well grounded confidence in his fidelity to our cardinal principles, there is no reason why there should be any division among really patriotic men of the country. To any such I shall be most happy to give a cordial and active support. My own decided preference is to aid in this way, and not be myself a candidate; but if Lincoln is renominated, as I believe it would be fatal to the country to endorse the policy and renew the power which has cost the lives of thousands of men, and needlessly put the country on the road to bankruptcy, there will remain no course but to organise against him every element of opposition with a view to prevent misfortune. With this contingency I accept the nomination at Cleveland, and as a preliminary step, I have resigned my commission in the army. This was a sacrifice which gave me pain, but I had for a long time, fruitlessly endeavored to obtain service. I make the sacrifice now only to regain the liberty of speech and leave nothing in the way of discharging to my utmost ability the task you have set before me.

John Cochrane has also written a letter of acceptance to the nomination for Vice Presidency.

Chicago, June 5—The Cincinnati *Gazette's* special says that Gen. Crook's army is again in motion for Richmond and that it will be added to the Army of the Potomac.

The New York papers say that Gen. Hunter's army is to be added to Grant's direct command, and a junction will soon take place.

A large number of troops are being forwarded to Pope's Department.

Some concentrations are going on at the West, every available soldier being sent to Sherman.

Gen. A. G. Smith, with 20,000 troops from the Trans-Mississippi region is on his way to Chattanooga.

Cairo, June 6—The steamer Missouri from New Orleans on the 30th was fired into by a rebel battery at Columbia. Sixty shots were fired, eight struck and one shell exploded in the cabin wounding one lady.

Most of the boats burned at New Orleans were owned by the Government. The loss is estimated at a quarter of a million. The fire is believed to have been the work of an incendiary.

Gen. Canby who is actively engaged in organizing forces was nearly ready for offensive operations.

All quiet on White river. Pine Bluff and Duval Bluff are garrisoned with forces ample and sufficient to repel any attack likely to be made by the enemy.

New York, June 6—The *Herald's* correspondent gives the following particulars of the fight on the 1st inst:

Our line of battle extended fully ten miles in length, from the northwest to the southeast of Hancock, on the Mechanicsville road, in the rifle pits wrested from the enemy two days before. The line of defence has been much improved and strengthened since falling into our possession. Burnside's corps come next; Hancock and Warren's are thrown a little forward and protected in front by double and triple lines of formidable breastworks. Wright's was marched to the left, with two divisions of Sheridan's cavalry in front and on its flank.

An attempt was made by the rebel infantry to drive our cavalry from Cold Harbor, resulting in their repulse. They had a large number of killed and wounded and from 200 to 300 prisoners fell into our hands. Wright followed up the success and brought on the engagement which lasted till one hour after dark. At that time we had carried the rebel line of rifle pits, and driven the enemy to the Chickahominy.

Late in the evening the rebels made a furious assault upon our centre and right, marching in three lines upon Warren and seeming determined to pierce our centre and throw the line into confusion. They hurled themselves upon us and to certain destruction with great determination. The battle raged fully three hours in front of this corps. Our loss can only be a trifle to what the enemy suffered.

The attack on Hancock was nearly simultaneous. He not only repulsed the enemy but pressed them back so far that he was thrown into a bad position, and was compelled to make a retreat and resume the ground occupied at the outset. Subsequently he was ordered to abandon his position and move his corps from the right of our lines to the extreme left.

Another correspondent with the 18th corps, says that in the fight at Cold Harbor the enemy were in heavy force there and at Gaine's Mills strongly entrenched on the edge of a dense wood. They had rifle pits and other works. At half-past four our troops were in position in three lines of battle. At five, skirmishing commenced and a battery of 24-pounders opened a fire on the rebels. At half-past five an order was received for both the 6th and 18th corps to charge the rebel works in our front. Brooks and Devens pushed through the wood in their front and poured like a tornado over the open field. The rebels opened with grape, canister and heavy musketry fire. Our first line was badly cut up. The second line mingled with it and then the third. Almost immediately afterwards the rebels were driven pell mell from their works through the wood. They rallied behind reserves and attempted to recapture their position, but were received with such a murderous fire of artillery that they broke and fled in confusion. Again and again they rallied and attacked and were driven back with great slaughter.

A Cold Harbor dispatch, dated the 3d, say a general attack was ordered along the whole line at 11 o'clock this morning, resulting in the fiercest fight of the campaign. On the left, Hancock's corps, after a desperate resistance turned the enemy's left, carrying a portion of their main line, capturing some guns, colors and many prisoners. Unfortunately he was unable to hold the ground or to bring off the guns. The battle is still raging with a promise of a bloody day.

San Francisco, June 7.—The Union State Central Committee have called the State Convention to meet at Sacramento, August 30th, to nominate Presidential electors and appoint a Central Committee, &c.

Chicago, June 2—Richmond papers have the following telegrams:

Marietta, May 28.—Cleburne's division engaged the 4th army corps under Howard at 1 o'clock this morning, and after a desperate conflict he signally repulsed the enemy with a loss of between 500 and 700. We took about 750 prisoners, including those who were wounded, and an immense quantity of arms and accoutrements. Gen. Cleburne says that the enemy's dead are piled thicker than he ever saw them before. Between 60 and 100 dead were left close to his front. Their line of breastworks in front of Loring's command was abandoned. Our loss probably 300. Skirmishing was going on against enemy's left, which was gradually giving way.

Washington, June 6—Despatches from Grant's headquarters the 5th, state that there had been no fighting during the day.

The enemy made an attack on Saturday night upon Hancock, Wright, and Smith, but were everywhere repulsed. Hancock's lines are within forty yards of the rebel works.

The rebels were very busy on Saturday constructing intrenchments on the west side of the Chickahominy, at Bottom's Bridge.

A despatch from Sherman dated the afternoon of the 5th, at Alatoona Creek, states that the enemy discovering us moving around the right flank, abandoned his position last night, and marched off.

McPherson is moving to-day for Ackworth. Thomas is on the direct road, and Schofield is on his right.

It has been raining hard for three days, and the roads are heavy.

The enemy had an immense line of works which we have turned, with less loss to us than to them. (Signed) Stanton.

Washington, June 7—Dispatches from the headquarters of the Army of the Potomac, dated at nine o'clock this morning, have been received.

An assault was made on Burnside about midnight and successfully repulsed.

Yesterday afternoon 100 picked men of the enemy made a rush to find out what was the meaning of Hancock's advancing his siege guns; 9 of the party were captured and the rest were killed or driven back. Nothing more of importance is reported.

(Signed) Stanton.

New York, June 7.—The *Times* correspondent sends a lengthy detailed account of the operations on Friday, showing that the move was one of the most important ones of the campaign, it being an attempt to push the rebels back from their position this side of the Chickahominy. Though it failed, our army was advancing to a new position. The key of the point which was secured by Barlow's and Gibbon's divisions was wrested from them by an overwhelming rebel reserve in a strong line of works.

A James river correspondent says that the iron clad fleet has moved up abreast of Butler's right wing, which is intrenched on the peninsula formed by the junction of the Appotomox and James rivers, east of the Richmond and Petersburg railroad, which road our army has been able to reach with our guns that have been recently mounted.

EUROPEAN.

Sandy Hook, J[illegible] 6.—The Virginia from Liverpool May 24... and Queenstown 25th has arrived.

The news of the battles in Virginia produced a profound sensation in England, which is generally regarded as disastrous to the rebel cause. Rebel loan declined 5 to 6 per cent.

Laird's rams have been purchased by the British Government.

The pirate Georgia is announced for sale at Liverpool by a private party. The crew were paid off and the stores sold at auction.

The *Telegraph* says France advocates a prolonged suspension of hostilities, if necessary.

Danish advices continue to charge the Germans with plundering and confiscation, after the armistice was declared.

La France denies the rumors of probable ministerial changes in France.

The fears for the fatal termination of the Pope's malady are greatly increased.

The Bank of England had reduced the rate of discount to eight per cent.

People were astonished at the magnitude of the loss of life in the recent battles. Some papers think Grant was defeated in his object of an advance on Richmond. Others thought the battles indecisive, and that the Federals paid too dear for the victory, if any had been gained.

The *Times* thinks that if Grant captures Richmond the rebel cause is not lost. Its downfall will be at a great loss of life to the Federals.

The London *Times* says that the rebels had full information of Grant's plans for the campaign a fortnight before Grant marched. The operations of the army since are delineated with marked precision.

CALIFORNIA.

San Francisco, June 8.—The steamer Oregon from Victoria, and Constitution from Panama have arrived. The latter has 852 passengers.

Private despatches say gold closed yesterday in New York at 194½@195.

The Famous Flour Sack.—On Saturday evening, May 28th, the Gridley sack of flour was sold at the Metropolitan Theatre, San Francisco. Sales reached $28,000. The first purchaser was the agent for Grover & Baker, who got it for $625. It was re-sold forty-eight times, and the bids ranged from $5 to $500. It was sold several times for $100 and $150. Sprito, a Mexican, bought it for $30. There was enthusiastic cheering for Grant and Lincoln, and groans for Jeff Davis. Gridley made some remarks, repudiating the insinuations against his loyalty. He was greeted with cheers.

A Comparison.—During the month of April the value of exports from San Francisco, other than gold and silver, was $945,886; during the same period the freight paid on goods received at that port was $710,624. During the same month the exports of the products of this territory amounted to $1,320,245, and the amount paid for freight on goods received, as near as can be ascertained, exceeded $700,000—the average monthly cost of freight being upwards of $1,000,000. So that, according to these figures, Nevada, though a sage bush and sand country, exports and imports nearly as much as California. Facts are stubborn things, and these are stubborn facts.—*Gold Hill Nevada Messenger, N. T.*

The Monitor.—From appearances at the shipyard where the Comanche is to be built, says the *S. F. Dem. Press*, it would seem that the contractor is nearly ready to begin the work of putting her together. The plates and machinery have all been thoroughly cleaned and painted, and placed in position to be used when the work of rebuilding begins.

Police Statistics.—The police made 572 arrests during the month of May. Of this number, 132 were discharged, 17 fined, 136 fined or imprisoned, 17 imprisoned, 29 sent to the County Court, 3 to the Hospital, 6 to the Industrial School, 2 to other counties, 18 to San Quentin (some of whom were here from other counties), 180 forfeited bail, and 32 remained undisposed of at the end of the month. The cash receipts amounted to $2,532, which sum was apportioned as follows:—Police Fund, $2,421; Firemen's Charitable Fund, $45; Fee Fund, $66.

Appointment by the Sheriff.—Sheriff Davis has appointed Alfred V. Lamott, Deputy-Sheriff, to fill the vacancy created by his own election to the Sheriffalty.

OREGON NEWS.

(From the Oregonian.)

Tragedy at the Cascades.—We are furnished the particulars of a frightful tragedy which occurred at the Cascades on Monday evening last, resulting in the death of Mr. Edmond Sullivan, the Sheriff of Skamania County, W. T., formerly a resident of this city, and mortally wounding Mr. J. P. Dennison. The polls of the election had closed, and the vote was being summed up, when a row occurred in an adjoining room, and Sheriff Sullivan was requested to quell it, which he proceeded to do. He succeeded in arresting one of the disturbers, and placed him in safe keeping, and attempted to take others, when he was fired upon at the door. He turned his attention to ascertain who had fired the shot, when he came in contact with Edward Bush, at which a scuffle ensued, and he was brutally assaulted and murdered. The verdict of the Coroner's jury, showed that the body was terribly mutilated.

The body of Mr. Sullivan was brought to this city by the steamer Wilson G. Hunt, last evening, and the funeral will take place today at 2 o'clock p. m., from the Catholic Church. The three persons engaged in the murder, are brothers, and were arrested. Edward, whose arm was broken, was brought to Vancouver for medical treatment, and the other two were confined at the Cascades. Mr. Dennison received his wound from a pistol shot, while endeavoring to assist the Sheriff, the ball entering the back passed through the body, into the pit of the stomach. He was also brought to this city yesterday, and received medical attendance from Drs. Glisan and Elwert, but died the next day.

The Jenny Jones.—We understand that the insurers of the clipper schooner Jenny Jones, have adopted a liberal course in regard to her policy of insurance, and in consideration of the fact that the accident was unavoidable, and that she was in the hands of a capable navigator, they are willing to stand a portion of the risk. This will prove a great relief to Captain Jones, and enable him to immediately repair the vessel. For the lack of sufficient docks in Portland, the schooner will be temporarily fixed up here, and taken to Victoria for completion. When finished she will return a propeller.

The Pacific.—The steamship Pacific, A M. Burns Commander, left San Francisco, for Portland direct, at ten o'clock yesterday, a. m.

Fruit.—The amount of cherries and currants in market, has so rapidly increased that the prices have materially diminished, and they are offered at a very moderate sum when compared to former rates. We observed a card over a basket of cherries in one of the fruit stands yesterday which read: "ten pounds for $1." We immediately invested in a bit's worth.

Heavy Guns for Oregon.—The Marysville *Herald* says that six guns of heavy calibre have recently arrived at San Francisco from the East, on the ship Neusatan. Two of them—fifteen inch guns—will be mounted on Alcatraz, while the remaining four go to the fortifications now being built at the mouth of the Columbia river.

Continued Ravages of the Small Pox.—Small-pox, whose wide-world ravages and desolations for the last three or four years, were lately noted in the *Bulletin*, continues to prevail with terrible effect in many parts of the earth. In the winter and spring of the present year it scourged the populations of the Morea and other countries of Greece and Turkey. Thousands are said to have died of it. Whole villages were depopulated. Singular enough, information reached San Francisco during April and May, by the numerous fruit vessels from Tahiti, that this terrible pestilence has committed much havoc among the Kanakas of the Marquesas and Society groups of islands, as if it had wormed and worked itself down through the earth from Greece to its Pacific antipodes. In the Society Archipelago it is raging now, and over 200 persons are said to have perished there. In the Marquesas, 900 have been taken off.—One island of this last group, called Wapou, lost nearly all its Kanaka population. All the arts and skill of the French doctors proved of little avail. It seems that many natives of these islands had not been vaccinated. The small-pox is also said to have been very fatal on the Fiji group, and in New Zealand and Australia; but no details have come under our notice.—*Bulletin.*

The American war is revolutionizing even the localities of ancient Rome. Pompeii is to-day surrounded on every side by a large cotton field, and similar plantations occupy the neighborhood as far as Castellamare and Salerno.

GOOD NEWS FROM KOOTANAIS.

RICH MINES ON BRITISH TERRITORY—A TRAIL TO BE MADE AT ONCE.

We have been favored by R. Finlayson, Esq., with the following extracts from a letter received by him at Hope on the 9th inst.:

Fort Colville, June 2nd, 1864.

Dear Sir,—I send you, by Indian Express, the news which Mr. Linklater (the Hudson Bay Company's officer in charge at Fort Kootanais), brought to this place on the 27th of May. McDonald writes that the news is sufficiently encouraging to justify our supplying a large quantity of goods; in fact, gold had been found in such large pieces, weighing as much as $80, that there appears to be ample grounds for anticipating a rich mining country. When Linklater left Kootanais, but few claims had been opened, but those appear to be rich. Claims of 200 feet, according to their mining laws, were staked off in every direction. A great stir appears to be made in Oregon and Washington Territory in consequence of the discovery.

Mr. Finlayson informs us that the Hudson Bay Company have dispatched an officer with a party of workmen to make a trail from Okanagan Lake to the Columbia, and thence to the mines, a distance of about 200 miles. The government of British Columbia have promised to assist in the undertaking. The diggings are at present on the British side of the boundary line, but they are believed to extend for some distance on both sides.

MEXICO AND ROME.

IMPERIALISM VS. PROTESTANTISM—THE PAPAL NUNCIO TO MEXICO—THE NEXT POPE.

The Vienna *Presse* recently contained the following curious article on the relations of Rome with the new Mexican Empire, which was copied into the New York *Messager Franco-Americain* of 5th May, and which we find translated in the N. Y. *Evening Post* of the same day, as follows:

The Mexican monarchy is intended not only to react against the Anglo-Saxon race, and the democratic ideas of North America, but also against American Protestantism.—Hence the immense enthusiasm with which the clerical party of both hemispheres has welcomed the advent of Maximilian I. By the erection of this throne Napoleon III. has rendered an immense service to the Church, and this service is so highly appreciated by the Court of Rome, that important concessions have been made therefor to the French government.

In view of the advantages that the Court of Rome anticipates from Mexico, it has appeared necessary to have itself represented there by a personality, decided and energetic. The Pope has therefore chosen (in accordance with the advice of Antonelli) as Nuncio to Mexico the Minister of War of Rome—Monsignor de Merode—who on this occasion will be made a Cardinal. As Merode was not on good terms with the French, it is thought, too, that his distant appointment will be satisfactory to the Court of the Tuileries.

But a greater concession made to France will be the speedy elevation at the approaching consistory of the Abbe Lucien Bonaparte, long a resident of Rome and the *cameriere* of the Pope, to the rank of Cardinal. The Prince Lucien would then be eligible to the Papacy, and if, on the death of Pius IX, the conclave assembles under the protection of French bayonets, how can he help standing a very good chance for election? Pius IX can thus await the end of his days in peace. If a Bonaparte mounts the Pontifical throne the Papacy and its temporal possessions are safe.

We must say we are now witnessing very extraordinary things. An Austrian archduke ascends the throne erected by a French Emperor, and the Emperor of Mexico becomes, by the force of circumstances, the mediator between the Tuileries and Vatican.—*Bulletin, 2d June.*

INVENTIONS AND PATENTS.—Each year adds almost innumerably to the list of Inventions, and still more to that of inventions which are increased by a most uncommon multiple. The fruitful ingenuity of thousands of intellects thus contributes to the comfort, convenience and profit of the community, whilst of a necessity it also numbers the victims of too flattering hope, or of too sanguine a calculation. The list of Patents, active, passive, or neutral—vital or still born,—productive or exhaustive, swells to enormous proportions, but never without more or less advantage from the faculties which it awakens or calls forth, if but for a brief interval into active play. Every invention confers some good upon the world. And those which tend to supply some great wants, or to relieve some great inconvenience, deserve at our hands so much the more commendation, that they cannot be called into existence at our bidding. Amongst those patented inventions which have appeared to illustrate this eventful year, and to figure in the great International contest of ingenuity and industry, though many be more showily represented and more conspicuously marshalled before us, none meets with more personal sympathies than that of the new Osteo-Eidon produced by Messrs Gabriel, the celebrated Dentists of London, Liverpool, and Birmingham, (as it is evidenced by their being the only dentists chosen on the Committee of the International Exhibition), whose admirable adaption of Artificial Teeth has obtained so high an approval from the profession as well as from the public. The Osteo-Eidon as a base for sets of teeth, obviates all objections applicable to other materials, and whilst firmly seated in the mouth, and free from noxious elements, dispenses with all need of mechanism, and presents an appearance not to be distinguished from that of the natural gums and teeth. Messrs. Gabriel announce that they submit their laboratories and manufactures to gratuitous inspection during this season. As may be seen by reference to our advertising columns, Messrs. Gabriel supply Artificial Teeth and Gums on their patented system, irrespective of distance.

DR. HOSTETTER'S STOMACH BITTERS—Wherever there is dispepsia, they are in demand, Nor is it for indigestion alone that they are a specific. Every disorder of the stomach, the liver, the bowels, and the nervous system, seems to yield to their influence. They are an antidote to pain; they regulate the whole vital machinery, and may be justly termed the strongest ally that science has ever brought to the aid of nature in her struggle with sickness.—Sold by Druggists and dealers everywhere.

HOLLOWAY'S PILLS.—Stomach, Liver, and Bowels.—There is nothing hurtful in the composition of these purifying Pills, nothing that can injure the most delicate constitution. They improve the appetite, quicken the energies of the stomach and liver and regulate the bowels. They are natural, and therefore efficient purifiers and correctives. Few unhealthy conditions of the stomach or digestive apparatus can withstand the accumulative healthy influence obtained over the whole frame when these Pills are judiciously and perseveringly taken by invalids.

Holloway's Ointment and Pills.—Insufficient clothing, and exposure to damp and cold, produce many diseases of the skin, and greatly aggravate the sufferings of the delicate and scrofulous. The Ointment, applied to the part affected, restrains all insidious inflammation, while it soothes, cleans, and renders healthy any ulcerations or sores which have destroyed the skin, and show little disposition to heal. This Ointment purifies the blood, renders the local circulation vigorous, and represses excessive irritation. Holloway's Pills are particularly serviceable in all strumous disorders, because they strengthen the stomach, improve the digestion, excite a proper action in the liver, and act as alteratives and aperients.

INVIGORATE THE SYSTEM.—Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dispeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

DR HOSTETTER'S STOMACH BITTERS.

will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre and brings the whole machinery of vitality into vigorous and healthful play.—Sold by all Druggists and dealers everywhere.

HOLLOWAY'S PILLS—Nervous Debility—Persons who feel weak, low and nervous may rest assured some serious ailment is looming in the distance against which instant action should be taken. Holloway's Pills present the ready means of exciting energetic action on the liver, liberating accumulated bile, and lifting at once a load from the spirits, and expelling a poison from the body. This simple and natural method of remedying the first tendency to disease gives present ease and insures future safety. The pallid, and all those who are losing flesh should try these Pills which are especially useful when the digestive or other functions are imperfectly performed, and demand immediate correction, or, in after years neither mind nor body will be well developed.

NECROSIS.

If there be any disease calculated to drain away the life of a man, and weaken the mind and body by its painful slowness, it is the death of any part of the bones. The PERUVIAN SYRUP gives support under the profuse discharge, hastens the separation of the decaying bone, and heals the indolent and irritable ulcers consequent on the long continuance of the unhealthy suppuration.

Holloway's Ointment and Pills—Diseases of the Skin.—No case of the disease of the skin, be its nature what it may, has failed to be benefitted when these potent remedies have been properly applied. In scrofulous and scorbutic affections they are especially serviceable. Scurvy and eruptions which had resisted all other modes of treatment and gradually become worse from year to year have been completely cured by Holloway's cooling Ointment and purifying Pills, which root out the disease from the blood itself, and leave the constitution free from every morbid taint. In the nursery Holloway's Ointment should be ever at hand. It will give ease in sprains, contusions, burns, scalds and infantile eruptions, and may always be safely applied by any ordinary attendant.

LOSS OF CONSTITUTIONAL VIGOR.

After a life of gaiety and sensual pleasure comes the never failing premature loss of manly vigor, with its gray hair, trembling limbs and general lassitude. If anything can rekindle the nearly extinguished fire, and bring back the system to vigorous health, it is the Protoxide of Iron in the form of PERUVIAN SYRUP.

HOLLOWAY'S PILLS are the most gentle, yet most effective aperients, and therefore better calculated for a family medicine than any other drug. They always set the stomach right, rouse the liver, stimulate the kidneys, and thoroughly cleanse the whole system. Holloway's Pills are most useful in Chronic weakness of the stomach induced by luxurious living, sedentary habits, or other causes. They have restored the emaciated to health after every other means had failed. While they are purifying they are strengthening, while regulating they are increasing nervous and muscular power. These Pills do not excite any violent action in the body; hence they are specially suited to the young and feeble, whose constitutions may be irretrievably injured by more powerful medicines.

Holloway's Pills.—Hale Constitution.—When the human frame has become debilitated from the effects of exposure, excesses or neglect, these Pills will repair the mischief, if they be taken according to the lucid directions wrapped round each box. Holloway's Pills exert the most exemplary tonic qualities in all cases of nervous depression, whereby the vital powers are weakened, and the circulation is rendered languid and unsteady. They improve the appetite, strengthen the digestion, regulate the liver, and act as gentle aperients. These Pills are suited to all ages and all habits. A patient writes:—"Your Pills, to be valued, require only to be known. During many years, I sought a remedy in vain, was daily becoming weaker when your Pills soon restored me."

DYSENTERY.

For dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

HIP DISEASE.

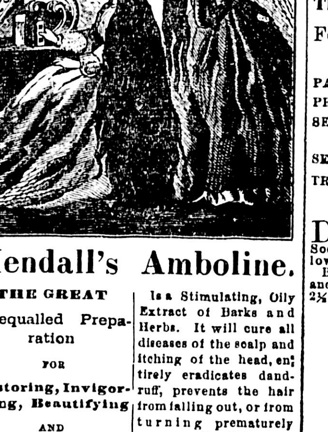

The most that can be expected in this disease is to prolong life, with stiffness or deformity of the hip joint. The PERUVIAN SYRUP will support the strength under the slow and painful ulceration, and will prevent the profuse discharge of matter, which, if opening externally will almost certainly prove fatal.

Fell & Company's SPICES

ARE ALL GENUINE AND CONSEQUENTLY much stronger than the adulterated article imported to this colony.

MINERS & FAMILIES who study economy will protect themselves from fraud by asking only for such as bear the name of their firm, and which can be had from all respectable dealers.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connectd with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!!

Males or Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

PERUVIAN SYRUP,
OR, PROTECTED
Solution of Protoxide of Iron!
Has been used with great success in curing
Dyspepsia,
Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhea, Boils, Scurvy, the prostrating Effects of Lead or Mercury,
GENERAL DEBILITY
And all diseases which require a
TONIC & ALTERATIVE MEDICINE.

The proofs of its efficacy are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

FROM WELL KNOWN CITIZENS OF BOSTON.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Rev. John Pierpont, Thomas C. Amory,
Thomas A. Dexter, Peter Harvey,
S. H. Kendall, M. D., James C. Dunn,
Samuel May, Rev. Thos. Whittmore

CERTIFICATE OF DR. HAYES.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates citrates, and tartrates of the Materia Medica.

A. A. HAYES, M. D.,
Assayer to the State of Massachusetts.
16 Boylston street, Boston

Hostetter, Smith & Dean, 401 and 403 Battery street, San Francisco

Sold by CURTIS & MOORE, Victoria ma19

The Royal
INSURANCE COMPANY,

DR. J. COLLIS BROWNES

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L. (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V. Ridout, Esq., Surgeon, Egham: "As an astringent in severe Diarrhea and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W. P. Wood, on Jan. 11, pronounced "that it is clearly proved before the court that Dr. J. Collis Browne was the original Inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

Caution—Chlorodyne—In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P. Wood, by affidavits from eminent hospital Physicians of London that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See Times, Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE. No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C., sole manufacturer. Observe particularly, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. ja24 1yw

FRAUDULENT TRADE MARKS

CAUTION.

Having received information that certain unprincipled persons in the United Kingdom have been, and are, shipping Galvanized Iron, or Galvanized Tinned Iron of inferior quality, bearing our Names and Trade Marks, and in fraudulent imitation of the goods manufactured by us, to the serious injury of the purchasers thereof,

WE HEREBY GIVE NOTICE,

that in order to protect ourselves and the public all goods manufactured by us, from and after this date, will be marked,

"TUPPER & COMPANY,
"MANUFACTURERS,
"61a, Moorgate Street, London;
WORKS—LIMEHOUSE AND BIRMINGHAM",

in addition to the Trade Marks heretofore used, to denote the different qualities of our goods, viz.—Best Best T. C. Crown, Best Cross daggers, and G. in Circle.

AND NOTICE IS FURTHER GIVEN,

That all persons manufacturing, selling, or shipping, or engaged in any wise in the sale or disposal of Galvanized Iron, or Galvanized Tinned Iron with our Marks or Brands, in fraudulent imitation of the goods manufactured by us will be prosecuted.

ALL CURES MADE EASY!!!

—BY—

Holloway's Ointment.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighboring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage: the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout and Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm, and other Skin Diseases.

After fomentation with warm water, the utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach; consequently in many cases time is required to purify the blood which will be effected by a judicious use of the Pills. The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps and all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat. This course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands,

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure, the liver, stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-disease
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
Coco-bay	Contracted and Stiff Joints	Piles	Ulcers
Scabs	Elephantiasis	Rheumatism	Wounds
			Sore Nipples

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices:—1s. 1½d; 2s. 9d; 4s. 6d, 11s., 22s., and 33s. each Pot.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients every disorder are affixed to each Pot. oc1

BUCKEYE MOWER.

TO FARMERS:

WE, WITH GREAT CONFIDENCE, offer the Buckeye Machine for this reason: Knowing it to be superior to any Mower for sale, and that it will sustain the reputation it has made for the past three years in surpassing any other Mower in the following respects:

Being better Made; much Stronger and more Durable; will Run Lighter; Cut much closer with greater ease to the team, and no side draught.

We can bring twenty Farmers to say the BUCKEYE is SUPERIOR to any Mower, to one who can be found prejudiced against it.

The Buckeye Mowers are of two sizes, cutting 4 feet, and 4 feet 8 inches.

The "Buckeye" as a Reaper.

The important advantages which belong to the BUCKEYE as a mower are retained in the Reaper, and can be used either as a Mower or Reaper by attaching the Platform and Reel.

Though importing largely of them, we have been unable, for two years, to supply the demand.

They are better adapted to the wants of California Farmers than any Combined Machine for sale. It will adapt itself to every surface of ground, will run lighter and deliver its grain easier and better than any other Reaper. The Reaper's seat is directly over the axle of the Machine, instead of being on the Platform, where it adds greatly to the draught.

WE ARE SOLE AGENTS

In San Francisco and Marysville for the

Haines "Illinois" Header.

This is the only Header, which, during the past six years has stood the test and given satisfaction; all others which have been tried have proved failures, and have been withdrawn from the Market as unsaleable.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 17, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News*, November 8th, 1862.

WATCHES, adapted for every class, climate, and country, wholesale and retail. Chronometer, Duplex, Lever, Horizontal, Vertical, Repeating, Centre, Seconds, Keyless, Astronomical, Reversible, and Chronograph, from 200 guineas to 3 guineas each.

Keating's Cough Lozenges.

THIS WORLD RENOWNED MEDICINE, which has obtained such celebrity in all parts of the globe, in the cure of Cough, Asthma, Hoarseness, Incipient Consumption, and other affections of the Chest and Pulmonary Organs, is strongly recommended to all suffering from any of the above disorders, as One Trial will be sufficient to prove their undoubted efficacy, being frequently used under the recommendation of the most eminent of the Faculty.

IMPORTANT TESTIMONIAL.

MELBOURNE, Port Philip.

DEAR SIR,—I duly received per Maitland the case of Lozenges, and have much pleasure in saying that they have met with a ready sale,—therefore, send me now the value of ten pounds, that is, double the last sent, packed in two cases with Tins, &c., as before.

The Lozenges require only to be tried, and I am sure the sale will be immense. I am not an advocate for Proprietary Medicines in the general way, but assure you that the Lozenges have done so much good in almost every case in which we have recommended them, that I believe them better adapted to this climate than anything else we have seen used.

Believe me, dear Sir, yours faithfully,
DANL. K. LONG.

Mr. Thomas Keating.

Prepared and sold in Boxes and Tins of various sizes, by Thomas Keating, Chemist, &c., No. 79 St Paul's Church Yard, London. Sold retail by all Druggists and Patent Medicine Venders in the world.

N. B.—To prevent spurious imitations, please to observe that the words "KEATING'S COUGH LOZENGES" are engraved on the Government Stamp of each Box.

Sold in Victoria, V. I., by

Notice to Mariners.

Lighthouse

—ON—

Race Island, Straits of Fuca, Vancouver Island.

VANCOUVER ISLAND.

COLONIAL SECRETARY'S OFFICE,
VICTORIA, 16th March, 1864.

THE FOLLOWING NOTICE RESPECTING a contemplated alteration in the external appearance of the Tower of the Lighthouse at the Race Rocks, in the Straits of Fuca, is hereby published for general information.

By order of the Governor,
WILLIAM A. G. YOUNG.

Notice is hereby given that after the 1st day of October, 1864, the Tower of the Race Rocks Lighthouse will be painted in alternate broad horizontal bands of black and white.

By order of the Lighthouse Board,
(Signed) EDMUND HOPE VERNEY,
ma14 Secretary.

COLONIAL SECRETARY'S OFFICE,
New Westminster,
2nd June, 1864.

IN PURSUANCE OF CERTAIN RESOLUTIONS of the Legislative Council, passed during the late Session, the Governor has authorised the following Premiums to be offered, with a view of developing the resources of, and stimulating industry throughout the Colony.

1. A Premium of Five hundred pounds (£500) to be paid to any person or persons who shall be the first to show, to the satisfaction of the Government, that he or they have successfully worked, by machinery, a vein of quartz producing either gold or silver, within the Colony of British Columbia.

2. A Premium of Five hundred pounds (£500) to be paid to any person or persons who shall be the first to show to the satisfaction of the Government, that he or they have successfully worked any Coal Mine, within the Colony of British Columbia, and have bona fide produced from such mine two hundred (200) tons of good coal, and have shipped the same to any Port beyond the limits of the Colony.

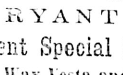

3. A Premium of Five hundred pounds (£500) to be paid to any person or persons who shall prove to the satisfaction of the Government that he or they have been the first to complete, in a bona fide manner the building of a vessel within the Colony of British Columbia, of not less than five hundred (500) tons burthen.

4. A Premium of Five hundred pounds (£500) to any person or persons who shall prove, to the satisfaction of the Government, that he or they have been the first to discover any new alluvial mining district sufficiently extensive to give remunerative labor to five hundred (500) men, for a period of not less than six (6) months.

The Governor in Council to be the sole judge as to whether any of the above premiums are to be awarded

By His Excellency's command,
ARTHUR N. BIRCH,
je10 2m Colonial Secretary.
